# KUBATA

The cubic cassette awning

Awarded with:

**weinor**

linear  
harmonious  
minimalist

**Always aesthetically pleasing.** When open the Kubata has a high-quality textile feel. When closed the awning cassette creates clean lines against the building facade with its almost perfectly square shape. The fabric and other components are well protected from the elements.

**Award winning design.** In 2019 Kubata was awarded with the German Design Award and the iF Design Award.

**Simple with no visible fixings.** Kubata's clear, uniform shape is not without reason. It stems from an overall aesthetic concept dominated by smooth surfaces. The awning cassette is enhanced by the clean appearance and no visible fixings – the result of weinor's sophisticated technological developments.

**The house and awning in harmony.** Where does the building stop, where does the sunshade start? With the Kubata cassette awning the transitions are smooth. With its cubic shape it blends perfectly into modern house architecture as a stylish design element. Due to the flush wall connection, the sun protection and facade also form a balanced symbiosis which meets the highest aesthetic requirements.

**High-quality modern fabrics and a large selection of frame colours**

accompany the Kubata's clean design. Everything can be coordinated together wonderfully so the awning and house form one design element. The frame colours and fabric patterns also meet the highest quality standards.

**modern basics blue® · evermore · hi hello!**

You can find your favourite pattern in our 3-part collection. Select a proven woven awning cover or our uncompromisingly high quality fabrics made from recycling material. No matter whether you're looking for timelessly harmonious colours or creative trends – we have the right fabric for all styles and each weinor awning.

Frame colour WT 029/90146 | Pattern 4-685 slate/white

**The latest frame colours**

At weinor you can select from more than **50 standard colours** and more than **150 other RAL colours**. The powder coating done in our in-house factory guarantees colour fastness and a uniform gloss level.

**Perfect fabric positioning**

A special **glide profile supports the roller tube** along its entire length and thus effectively prevents sagging. The fabric retains its perfect shape.

**Ideal fabric protection**

Teflon woven tissue protection and nanotechnology provide impregnation for the weinor awning fabric. The **dirt-resistant protective coating** also prevents soiling.

an original product

### Kubata technical data

Max. width	7 m with 3.0 m projection
Max. projection	4 m with 6.5 m width
Cassette dimensions	205 x 210 mm
Wind protection	tested to wind force 5 (Beaufort)
Pitch	5° – 40°
Installation alternatives	can be installed on walls, ceilings and rafters as standard
Motor drive	

### Well protected against the wet and dirt

The all-round enclosed and robust **awning cassette** keeps the fabric and other component parts just as well protected from the elements as the **controlled rain drainage** within the front profile. As a result, you can enjoy your sun protection for many years.

### Various installation options

Besides the standard wall mounting, Kubata can also be easily fitted if there are special site requirements.

Roof mounting  
(on and under the roof)

Rafter mounting  
(with protruding roof)

### Atmospheric light, powerful warmth

Your options for great comfort: spend pleasant evenings on the patio under **LED spotlights** that can be dimmed infinitely and are integrated in the awning cassette. You can even enjoy your patio at cooler times with the **Tempura Quadra Universal heating system**. It can be retro-fitted and is unobtrusively fitted to the house facade.

Frame colour WT 029/90146 | Pattern 4-685 slate/white

### Nice and taut and windproof

The low-noise **weinor LongLife arm** with 10-year warranty impresses with its very high tensioning strength. This ensures the fabric is exceptionally well positioned. The tried and tested wind lock safety device prevents the awning from lifting up when wind gusts from below.

### The right control unit to suit all needs

Further information is available under [www.weinor.com/control](http://www.weinor.com/control).

Whether gear handle, hard wired, remote control or Smart Home, using a hand transmitter, smartphone or an automatic weather system – a wide range of control options are available for the operation of weinor awnings and accessories, from weinor BiConnect or Somfy. Simply choose the appropriate control package Manual, Basic, Comfort or Smart. LED lighting and the heating system for your patio can be dimmed fine-tuned using remote controls or Smart Home. Your weinor retailer is happy to advise you competently.

Please note that the systems BiConnect and Somfy available from weinor cannot be combined.
